

**"QUEEN OF THE SUN** inspires all to get involved in Earth's ecological future, and gives an optimistic vision of the future of food production."

— Carly Dahlen, Screenology

**QUEEN OF THE SUN: What Are the Bees Telling Us?** is a profound, alternative look at the global bee crisis, taking us on a journey through the catastrophic disappearance of bees and the mysterious world of the beehive. This spellbinding film explores the long-term causes that have led to one of our most urgent global food crises, illuminating the deep link between humans and bees.
